Parental Supervision Policy

At Verndale Area Christian Academy Childcare, we prioritize the safety and well-being of every child entrusted to our care. As part of our commitment to providing a secure environment, we have established the following parental supervision policy for check-out and departure:

1. Check-Out Procedure:

- Parents or authorized guardians must personally check out their child from the childcare facility.
- Upon arrival for pick-up, parents are required to sign the child out on the designated computer, documenting the time of departure.
- Staff members will verify the identity of the person picking up the child, ensuring that only authorized individuals are permitted for pick-up.

2. Parental Responsibility:

- After checking out their child, parents are responsible for supervising them until they are safely seated in the
 vehicle.
- Parents need to accompany their child as they leave the childcare premises and proceed to the vehicle.
- Children must always be under the direct supervision of a parent or authorized guardian during the arrival and departure process.

3. Safety Measure:

- Parents are encouraged to hold hands with younger children and maintain close proximity to ensure their safety while walking to the vehicle.
- Vehicles should be parked in designated areas, and parents should ensure that children are securely buckled into appropriate car seats or seat belts before departing.

4. Communication:

- Parents are encouraged to communicate any special instructions or concerns regarding their child's departure with childcare staff.
- Staff members will provide assistance and support as needed to ensure a smooth and safe departure process for all children.

5. Continuous Oversight:

 Childcare staff will monitor the check-out and departure process to ensure compliance with the parental supervision policy and to address any safety concerns promptly.

By adhering to this parental supervision policy, we aim to promote a safe and supportive environment where every child feels valued, cared for, and protected.

Verndale Area Christian Academy Defamation & Slander Policy

At Verndale Area Christian Academy, we commit to fostering an environment rooted in Christian values of respect, integrity, and community culture. By enrolling their child, parents and guardians agree to uphold these principles in all their interactions related to the Academy, including verbal and written communications and social media engagements.

Policy on Defamatory Communication:

1. Scope of Policy:

This policy applies to all verbal and written communications that pertain to the Academy, its staff, parents, and operations, including public posts on online platforms.

2. Prohibition of Defamation:

Defamation, including slander (spoken) and libel (written), involves making false statements that harm someone's reputation through direct naming or inference. Such actions are strictly prohibited. You will be asked to remove the post as soon as possible. We encourage you to communicate with truthfulness and love, reflecting Biblical values of wholesome speech.

3. Consequences of Violations:

If refusing to remove defaming or slanderous posts, engaging in defamation will result in 24-hour notice of disenrollment of the offending party's child or children. Repeated occurrence after warning and removal will also result in disenrollment. This measure is crucial for preserving a positive and spiritually enriching environment for all our children.

4. Procedure for Addressing Concerns:

We urge parents and guardians to bring any concerns directly to the Academy management. Our commitment to Christian values emphasizes open, honest, and compassionate dialogue aimed at reconciliation and mutual understanding.

5. Re-enrollment:

In line with our beliefs in forgiveness and restoration, disenrollment for defamation does not preclude future re-enrollment. Potential re-enrollment will require the removal of defamatory content, then the posting of a public apology on the same platform. Each case will be assessed for signs of sincere repentance and a recommitment to our community's values.

Return within 30 days of Enrollment!

WADING POOLS

Wading pools have been identified as potential sources of disease transmission and as safety hazards.

- Recommendations from the *Caring for Our Children National Health and Safety Performance Standards: Guidelines for Out-of-Home Child Care Programs* (Third Edition, Standard 6.3.5.3: Portable Wading Pools) states that portable wading pools should not be permitted in childcare settings.
- Minnesota childcare licensing rules, for both childcare centers and family childcare homes, require that outdoor play areas be free of water hazards and potential sources of fecal contamination that could lead to transmission of enteric pathogens such as *Cryptosporidium* or *Escherichia coli* (*E. coli*) O157:H7.
- Minnesota Department of Human Services Division of Licensing DHS Rule 3 for Child Care Centers does not allow wading pools for any age group.

According to reports from the Minnesota Department of Health (MDH), each year several outbreaks of *E. coli* O157:H7 infections are identified in Minnesota in both childcare homes and centers. These outbreaks often cause disruption of parents' schedules and loss of income for the childcare provider because infected children need to be excluded from childcare until they are no longer carrying the bacteria, which can take as long as one to two months. Several other disease-causing agents, including *Giardia*, *Cryptosporidium*, and *Shigella*, are also efficiently transmitted in wading pools. All of these agents can cause severe illness in children and are common in Minnesota.

Unlike swimming pools that are treated to prevent disease transmission, wading pools are typically filled with tap water and may or may not be emptied and disinfected on a daily basis. Thus, many enteric pathogens (germs from the stool) can be easily spread by contaminated wading pool water that children may accidentally swallow while playing in the pool. Spread of these infections can occur even under the care of the most diligent and thoughtful childcare providers, since these infections can be spread even when the child only has mild symptoms. For these reasons, wading pools are not appropriate for childcare settings with infants and toddlers who are still in diapers.

In addition, children who are ill with vomiting or diarrhea should not play in any wading pool, pool, or spa. A child known to be infected with enteric pathogens such as *Cryptosporidium* or *E. coli* O157:H7 should not use any pools (see disease-specific fact sheets in Section 6). For some diseases, children should be kept out of pools for a specified time period even after the diarrhea has stopped.

In addition, the U.S. Consumer Product Safety Commission warns that young children can drown in small amounts of water, as little as two inches deep. Submersion incidents involving children usually happen in familiar surroundings and can happen quickly (even in the time it takes to answer the phone). In a comprehensive study of drowning and submersion incidents involving children under five years old, 77% of the victims had been missing from sight for five minutes or less. The Commission notes that toddlers, in particular, often do something unexpected because their capabilities change daily. Child drowning is a silent death, since there is no splashing to alert anyone that the child is in trouble.

Alternatives to wading pools include sprinklers, hoses, or small individual water buckets. All provide water play opportunities that are not potential hazards for drowning or disease transmission.

DISCHARGE POLICY

MUTUAL DECISION BETWEEN PARENT AND CENTER:

A mutual decision may be reached between the parent and the center whereby both parties agree that placement of the child is inappropriate, and the child would better excel from another placement. Written notice of two weeks must be given, or parents will be responsible for payment of fees for those two weeks. If the parent has paid fees more than those two weeks, a refund will be given.

PARENT INITIATED VOLUNTARY DISCHARGE:

Circumstances may arise when parents voluntarily choose to withdraw their child from the center. A two-week written notice must be given to the director stating the child's last date of attendance at the center. Parents are responsible for payment of fees for those two weeks. If the parent has paid fees more than those two weeks, a refund will be given.

CENTER INITIATED-INVOLUNTARY DISCHARGE (TERMINATION):

Every possible action will be taken to resolve an issue and create a correction plan prior to a center-initiated discharge. Though considered a last resort, Verndale Area Christian Academy reserves the right to terminate any enrollment. Under the guidance of the board, the director may discharge a child for the following reasons:

- A. Failure to pay fees. If payment of fees is delinquent for two weeks or more, a child may be discharged.
- B. Failure to observe or cooperate with the policies of the center. The policies of Verndale Area Christian Academy have been established to provide quality care for the children. Any parent or child who fails to follow the policies may put the children in jeopardy. Center policies will be available upon request to review.
- C. Inappropriate or abusive verbal/physical behavior toward staff or children at the center. Immediate discharge may be arranged by the director for inappropriate physical or verbal behavior on the part of a parent or a child. This includes open and consistent defiance or disrespect for God and His word.
- D. Need for special services. If Verndale Area Christian Academy cannot meet the needs of a child, parents will be assisted in contacting other agencies within the community that can best serve their child.

1. Children to List

List all infants and children in the household and their birthdates, even if they are not related. Attach another page if needed to list all children. Fill in circles to show which children are enrolled at this child care center. If any children are in foster care, fill in the circle.

Providing ethnic and racial information for each child is optional and does not affect approval for CACFP benefits. This information helps to make sure we are fully serving our community.

2. Case Number

If any household member currently participates in SNAP, MFIP or FDPIR assistance programs, check the box to indicate which assistance program and write in the corresponding case number. Then go to number 4. If no one in your household participates in SNAP, MFIP or FDPIR, leave number 2 blank and continue on to number 3.

Note: Benefits received from Child Care Assistance, Medical Assistance (MA), Women, Infants, and Children (WIC) and Person Master Index (PMI) numbers **do not** qualify for this purpose and cannot be reported on the Household Income Statement in number 2.

3. Adults/Incomes/Last Four Digits of Social Security Number

- If any children have regular earning, write in the amount of income and fill in a circle for frequency. Do not write in an hourly wage. Do not include occasional earnings like babysitting or lawn mowing.
- List all adults living in the household (everyone not listed in number 1) whether related or not, such as grandparents, other relatives or friends. Include any adult who is temporarily away from home, like a student away at college. Attach another page if necessary.
- List gross incomes before deductions, not take-home pay. **Do not list an hourly wage rate.** For adults with no income to report, enter a '0' or leave the section blank. This is your certification (promise) that there is no income to report for these adults.
- For each income, fill in a circle to show how often the income is received: weekly, every two weeks, twice per month or monthly. For fluctuating income like seasonal work, list average monthly income.
